ENC Automatic labeling machine

Extensive application area + Huge storage for program + Stable feeding part for samples + Possibility of matching with other production equipment = Perfect function in your work

Features:

1) Human touch screen can help you to manage and operate the machine well,It also can show you other more information as sensor monitoring system,parameter Settings etc.

2) Can be used for labeling independently,Or with other different function production equipment together.

3) Can label for many different shape samples,Such as cylindrical product,cone product,oval product,plane product,irregular shape product and so on.

4) Reliable product feeding part can ensure efficient and stable performance.

5) Improve the efficiency of labeling,labeling location accurate, high stability; Additional production counting function.

Optional pattern:

All our labeling machine can meet the power supply of AC110~240V,50/60Hz,So it is workable in all the country over the world.These machines below are just for reference only,We can also custom labeling machine for other different product.

Labeling machine for wine bottle	Labeling machine for laundry detergent bottle
Overall size:3000x1450x1600mm (Reference only)	**Overall size:**3000x1450x1600mm (Reference only)
Net weight:330kg (Reference only)　Power:1600W	**Net weight:**350kg (Reference only)　Power:1600W
Labeling speed:60～200pcs/min(Base on product and label)	**Labeling speed:**30~160pcs/min(Base on product and label)
Application label:300mm(Length Max.),150mm(Width Max.)	**Application label:**300mm(Length Max.),200mm(Width Max.)
Labeling machine for circle gift box	Labeling machine for carton boxes
Overall size:1600x780x1400mm (Reference only)	**Overall size:**2900x900x1500mm (Reference only)
Net weight:180kg (Reference only)　Power:950W	**Net weight:**200kg (Reference only)　Power:900W
Labeling speed:40～150pcs/min(Base on product and label)	**Labeling speed:**50～200pcs/min(Base on product and label)
Application label:250mm(Length Max.),150mm(Width Max.)	**Application label:**800mm(Length Max.),150mm(Width Max.)

Application area:

Pharmaceutical industry,food industry, beverage industry, electronics industry, battery industry, petrochemical industry, medical industry, electric power industry,daily chemical industry and so on.
