### Type 1:

### Type 2:

## Specification:

Item/Model	ENC-SA400DS
Torsion (kg/cm <sup>2</sup> )	25
Power supply	110~240ACV, 50/60Hz
Driver type	ASA electric screwdriver (For automation application only)
Working pressure (kg/cm <sup>2</sup> )	5.5±0.5
Machine control mode	PLC
Screw feeding pattern	Vibrating bowl
Working efficiency (Pcs/Min.)	20~25
Workpiece transferring pattern	Double slipping station
Fastening spindles	2 spindles
Universality	2 kinds (Type 1 and Type 2)
Capacity of vibration bowl (Pcs)	2000~2500
Dimension (mm)	1500x2140x2200
Net weight (kg)	750

## Application area:

Home electronic appliances, toys, communication product, keyboard, mobile phone, TV, wiring board, tapeline and so on.
